

JUSTICE FAMILY SUPPORT GROUP

Do you have a family member, or loved one, involved in the adult or juvenile justice system? Do you feel alone in this process? Have you asked yourself, how did we end up here? What do we do next? Who can I talk to that will truly understand the emotional stress I am going through? Would you like to meet with our family members who are walking in similar shoes? Then please join us for a very informal time of sharing and supporting each other.
