

Honey Brook Township
Trails Study Committee Meeting
Thursday, April 11th, 2019

Approved Minutes

Present: Kevin Wynant, Ray Shafer, Meredith Mayer (Brandywine Conservancy), Sheri Zynn, Lee Heller, Scott Holt

Absent: None

1. March Minutes: Approved by S. Holt, second by R. Shafer
2. 2019 Project: West Brandywine/Honey Brook Trail
 - a. Kevin provided feedback to the group that Steve (Landes) suggested a joint meeting with W. Brandywine as a next step, in order to define the engagement relative to the trail project and joint pursuit of grant funding, etc. This would be a precursor to seeking BOS approval. Committee agreed and Kevin will contact Meagan to suggest this next step.
 - b. We reviewed the American Water grant application shared by Meagan Jackson (West Brandywine). After review and feedback from Steve Landes it was determined it was not applicable to the Icedale trail project.
 - c. Kevin also shared an update from Steve that an easement was granted by the owners of the former Brandywine Terrace for access to the old rail track on the property for the trail project.
3. Conservation Garden update: Garden is prepared and ready for mulch before heavy seasonal growth of weeds. In addition, the group determined some new plugs would be beneficial to fill in areas that did not survive the winter and year one growth.

Meeting adjourned at 7:52 PM.

Next meeting scheduled for Thursday, May 9, 2019
