**Census
2020**

Your Response Matters.

Health clinics. Fire departments. Schools. Even roads and highways. The census can shape many different aspects of your community.

Census results help determine how billions of dollars in federal funding flow into states and local communities **including Honey Brook Township** each year.

The results determine how many seats in Congress each state gets.

It's mandated by the U.S. Constitution. The United States has counted its population every 10 years since 1790.

Ways to Respond

There are three ways to respond to the 2020 Census.

By April 1, 2020, every home will receive an invitation to participate in the 2020 Census. You will have three options for responding:

- Online.
- By phone.
- By mail.

In mid-March, households will begin receiving official Census Bureau mail with detailed information on how to respond to the 2020 Census.

How the Census Bureau Protects Your Data

The U.S. Census Bureau is bound by law to protect your answers and keep them strictly confidential. In fact, every employee takes an oath to protect your personal information for life.

Avoiding Fraud and Scams

The U.S. Census Bureau is committed to making the 2020 Census quick, easy, and safe for all participants. Here are some tips to help you stay safe.

Avoiding Scams Online

Phishing is a criminal act in which someone tries to get your information by pretending to be an entity that you trust. Phishing emails often direct you to a website that looks real but is fake—and may be infected with malware.

It is important to know that the Census Bureau will not send unsolicited emails to request your participation in the 2020 Census. Further, during the 2020 Census, the Census Bureau will never ask for:

- Your Social Security number.
- Your bank account or credit card numbers.
- Money or donations.

In addition, the Census Bureau will not contact you on behalf of a political party.

Staying Safe at Home

If someone visits your home to collect a response for the 2020 Census, you can do the following to verify their identity:

- First, check to make sure that they have a valid ID badge, with their photograph, a U.S. Department of Commerce watermark, and an expiration date.
- If you still have questions about their identity, you can call [800-923-8282](tel:800-923-8282) to speak with a local Census Bureau representative.

Reporting Suspected Fraud

If you suspect fraud, call [800-923-8282](tel:800-923-8282) to speak with a local Census Bureau representative. If it is determined that the visitor who came to your door does not work for the Census Bureau, contact your local police department.

Census Bureau Ramps Up Hiring Efforts for 2020 Census

- The U.S. Census Bureau is ramping up its national recruiting efforts to hire up to 500,000 temporary, part-time census takers for the 2020 Census in communities across the country to reach its goal of more than 2 million applicants.
- The positions offer competitive pay, flexible hours, paid training, and weekly paychecks. To determine the pay rate in a specific area, learn more about these positions, or apply for one of the temporary jobs, visit 2020census.gov/jobs.
- Whether you're looking to earn some extra cash, pay down your student debt, or offset holiday season spending, our part-time positions are a great way to do that," said Census Bureau Director Steven Dillingham. "What better way to earn some extra money and help shape the future of your community for the next 10 years than with the 2020 Census?"

- **2020 Jobs: Who Should Apply?** Anyone age 18 and older, such as recent high school graduates, college students, veterans, retirees, military spouses, seasonal workers and people who are bilingual are highly encouraged to apply. People who already have jobs and want to earn extra income evenings and weekends are also encouraged to apply. The selection process begins this month, with paid training occurring in March and April. After paid training, most positions work between May and early July.
